DETAILED ACTION***Response to Amendment***

1. In response to the Amendment received on June 24, 2005, the examiner has carefully considered the amendments. The examiner acknowledges the cancellation of claims 1, 4, and 6-11. The claim rejection under the judicially created doctrine of obviousness-type double patenting for claims 1, 4 and 7-11 have been overcome by the amendment and has hereby been withdrawn for consideration.

Allowable Subject Matter

2. Claims 2-3, 5, and 12-13 are allowed.
3. The following is an examiner's statement of reasons for allowance: The primary reasons for allowance is the inclusion of the hydrolysable and biodegradable resin having the structure

in all the claims. The prior art fails to expressly teach and/or fairly suggest resin compositions of methods comprising treating/using a resin having the structure as found in the instant claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
